

Bibliography

Manuscripts

1. Anderson FA Jr, and the Glioma Outcomes Project Advisory Board. The Glioma Outcomes Project: a resource for measuring and improving glioma outcomes. *Neurosurg Focus* 1998; 4(6):8.
2. Chang SM, Barker II FG, Schmidt MH, Sloan AE, Kasper R, Shih K, Hariharan S, Berger MS, and the Glioma Outcomes Investigators. Clinical trial participation among patients enrolled in the Glioma Outcomes Project. *Cancer* 2002 May 15; 94(10):2681-7.
3. Chang SM, Parney IF, McDermott M, Barker FG II, Schmidt M, Huang W, Laws ER Jr., Lillehei K, Bernstein M, Brem H, Sloan A, Berger M and the Glioma Outcomes Investigators. Perioperative complications and neurological outcomes of first and second craniotomies among patients enrolled in the Glioma Outcomes Project. *J Neurosurg.* 2003 Jun; 98(6):1175-81.
4. Chang SM, Parney IF, Huang W, Anderson FA Jr., Asher AL, Bernstein M, Lillehei KO, Brem H, Berger M, Laws ER, Jr., and the Glioma Outcomes Project Investigators. Patterns of care for adults with newly diagnosed malignant glioma: data from the Glioma Outcomes Project. *JAMA.* 2005 Feb 2;293(5):557-64.
5. Laws ER Jr., Shaffrey ME, Morris A, Anderson FA Jr. Surgical management of intracranial gliomas--does radical resection improve outcome? *Acta Neurochir Suppl* 2003;85:47-53
6. Laws ER Jr., Parney IF, Huang W, Anderson FA Jr., Morris A, Asher T, Lillehei K, Bernstein M, Brem H, Sloan A, Berger M, Chang S and the Glioma Outcomes Investigators. Survival following surgery, and prognostic factors for newly diagnosed malignant glioma: Data from the Glioma Outcomes Project. *J Neurosurg.* 2003; 99:467-73
7. Litofsky S, Farace E, Anderson FA Jr., Meyers CA, Huang W, Laws ER, Jr., and the Glioma Outcomes Project Investigators. Depression in Patients with High Grade Glioma: Results of the Glioma Outcomes Project. *Neurosurgery.* 2004 Feb; 54(2):358-66; discussion 366-7.
8. Polin RS, Marko NF, Ammerman MD, Shaffrey ME, Huang W, Anderson FA Jr, Caputy AJ, Laws ER. Functional outcomes and survival in patients with high-grade gliomas in dominant and nondominant hemispheres. *J Neurosurg.* 2005 Feb;102(2):276-83.

Abstracts

1. Anderson FA Jr, and the Glioma Outcomes Project Investigators. Outcomes research in the United States: The Glioma Outcomes Project. *JNS* 1999; invited presentation.

2. Anderson FA Jr, and the Glioma Outcomes Project Investigators. Treatment of malignant glioma: patterns of care reflected by the Glioma Outcomes Project. JNS 1999; invited presentation.
3. Anderson FA Jr. Functional status following surgery high-grade glioma: preliminary results from the Glioma Outcomes Project. SNO 1999; poster.
4. Anderson FA Jr, Huang W, Bernstein M, Hochberg F, and the GO Project Investigators. Practices in prevention of venous thromboembolism following operation for glioma: findings from the Glioma Outcomes Project. Thromb Haemost 2001;Suppl 7:OC1016.
5. Anderson FA Jr, Huang W, Sullivan C, Hochberg F, Hartman L, and the GO Project Investigators. The continuing risk of venous thromboembolism following operation for glioma: findings from the Glioma Outcomes Project. Thromb Haemost 2001;Suppl 7:OC902.
6. Asher A, Anderson FA Jr, Stolzenbach K, Barker F, Liment S, Laws E Jr. Perioperative differences between community and academic medical centers in the Glioma Outcomes Project. J neuro-oncology 2000;46(3):280.
7. Chang S, Schmidt M, Barker F II, Kasper R, McDermott M, Laws E Jr., Lellehei K, Bernstein M, Brem H, Sloan A, Berger M, and the Glioma Outcomes Investigators. Clinical trial participation among patients enrolled in the Glioma Outcomes Project. Neuro-oncol 2000 Oct;2(4).
8. Chang S, McDermott M, Schmidt M, Barker II F, Kasper R, Laws E Jr, Lellehei K, Bernstein M, Brem H, Sloan A, Berger M, and the Glioma Outcomes Investigators. Perioperative complications of First versus Second Craniotomy among Patients enrolled in the Glioma Outcomes (GO) Project. CNS 2001; poster.
9. Chang S, McDermott M, Schmidt, Barker F II, Huang W, Kasper R, Laws E Jr, Lillehei K, Bernstein M, Brem H, Sloan A, Berger M, and the GO Project Investigators. Perioperative complications and neurological outcome of first versus second craniotomy among patients enrolled in the Glioma Outcomes (GO) Project. AANS 2002; platform presentation.
10. Farace E, Shaffrey M, Huang W, Litofsky N, Laws E Jr, on behalf of the GO Project Investigators. Depression as an independent predictor of survival in malignant gliomas: Findings from the Glioma Outcomes Project. SNO 2002; platform presentation.
11. Hariharan S, Barker F, Chang S, Hochberg F, More J, Phillips L, Sloan A, and the Glioma Outcomes Project Investigators. Alternative therapy use by malignant glioma patients: insights from the Glioma Outcomes Project. SNO 2000; platform presentation.
12. Hariharan S, Chang S, Kasper R, and the GO Project Investigators. Seizure Frequency and Antiepileptic Drug Use in Malignant Glioma Patients: findings from the Glioma Outcomes Project. AAN 2001; poster.
13. Hariharan S, Anderson F, Huang W, Sullivan C, Hochberg F, Hartman L, and the GO Project Investigators. Incidence and Prophylaxis of Deep Vein Thrombosis Following Malignant Glioma Surgery: Data from the GO Project” _American Academic Neurology 53rd Annual Meeting 2002; platform presentation.

14. Laws E Jr, Anderson FA Jr, Asher A, Bernstein M, Hartman L, Sloan A, and the Glioma Outcomes Investigators. Treatment of malignant gliomas: patterns of care as reflected by the Glioma Outcomes Project. CNS 1999; poster.
15. Laws E Jr, Morris A, Kasper R, Shaffrey M, and the Glioma Outcomes Project Investigators. Malignant Glioma treated by biopsy: data from the Glioma Outcomes Project. Asilomar 2001.
16. Laws E Jr, Sullivan C, Asher A, Berger M, Bernstein M, Sawaya R, Sloan A, and the Glioma Outcomes Project Investigators. Survival of surgically treated malignant glioma patients: data from the Glioma Outcomes Project. AANS 2001; platform presentation.
17. Lillehei K, Anderson FA Jr, Bernstein M, Sawaya R, and the Glioma Outcomes Group. Peri-operative Complications of Biopsy and Craniotomy in Treatment of Malignant Gliomas: data from the Glioma Outcomes Project. CNS 1999; poster.
18. Litofsky N, Anderson FA Jr, Laws E Jr, and the GO Project Investigators. Post-operative depression in-patients with high-grade glioma may be under-recognized and under-treated: preliminary results of the Glioma Outcomes Project. AANS 1998; platform presentation.
19. Litofsky N, Kasper R, Sullivan C, Dabbous O, and the Glioma Outcomes Project Investigators. Image-guided Resection of High-grade Glioma: Patient Selection Factors and Outcomes. AANS 2001; poster.
20. Phillips L, Meyers C, Litofsky S. Physician and patient evaluated depression in the Glioma Outcomes Project: concordance, discordance and conclusions. J neuro-oncology 2000;46(3):281.
21. Polin RS, Shaffrey ME, Kasper R, Caputy A, Anderson FA Jr, Laws E Jr. Functional survival and outcome in dominant versus non-dominant hemispheric high grade gliomas. CNS 2001; poster.
22. Sloan A, Anderson FA Jr, Asher A, Bernstein M, Chang S, Hartman L, Hochberg F, Laws E Jr, and the Glioma Outcomes Investigators. Malignant gliomas: an update of prospective data from the Glioma Outcomes Project. AANS Tumor 2000; platform presentation.
